

Sunscreen Fabric without the PVC smell

Sheerweave fabric is made with Dow Ecolibrium. Based on data supplied by the manufacturer, this bio based fabric saves the equivalent of 1/2 kg of CO₂ and 200ml of petrol in the production of screen, per average blind.*
A significant point of difference, for the green consumer.

SAVED
with every blind

CO₂ 1/2kg

PETROL 200ml

* Estimate based on average blind size 2.5m²
